Personal Expense Tracker

2026

React.js, Tailwind CSS, Zustand, Node.js, Express.js, MongoDB, bcrypt, Chart.js, Groq API, Gemini API, REST APIs

- Developed a full-stack MERN personal finance management platform supporting 10+ core features, enabling users to securely track income, expenses, EMIs, bill reminders, budgets, reports, analytics, notifications, and AI-based financial insights from a responsive dashboard.
- Added smart financial alerts for overdue bills, pending EMIs, and budget usage thresholds, helping users identify high-risk spending when monthly usage crosses 80%+ of income.
- Improved financial visibility by categorizing transactions across 10+ spending categories and generating AI-backed recommendations to help users reduce unnecessary expenses by an estimated 15-25% through better tracking and planning.
